BACKGROUND CONTEXT

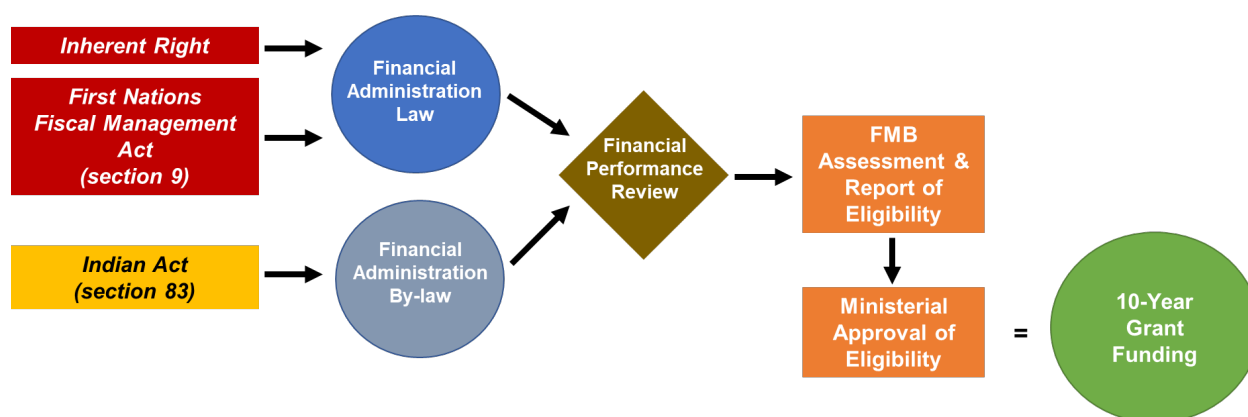

With the announcement of the New Fiscal Relationship (“NFR”) developed jointly by the Assembly of First Nations (“AFN”) and the Government of Canada, made public in December 2017, the Government of Canada through Indigenous Services Canada (“ISC”) has committed to providing 10-year grants to first nations beginning April 1, 2019. The grant funding, offered under the Policy on Transfer Payments of the Government of Canada, provides first nations with more funding flexibility by replacing all core funding currently provided to first nations by ISC. The grant would be available to first nations who demonstrate the ability to meet eligibility criteria co-developed by ISC, the AFN and the FMB. In order for a first nation to be evaluated for grant eligibility, the first nation must submit an expression of interest in writing to ISC requesting to be considered for a 10-year grant.

While ISC will make the final determination on a first nation’s grant eligibility, the FMB will provide services under a Memorandum of Understanding (“MOU”) with the Minister of Indigenous Services Canada and the Minister of Crown-Indigenous Relations (“the Ministers”) dated November 6, 2018 to evaluate and report on a grant applicant’s compliance with the eligibility criteria. The grant eligibility requirements that a first nation will need to meet are as follows:

1. Enact either a Financial Administration Law (“FAL”) under section 9 of the *First Nations Fiscal Management Act* or under a First Nation’s own inherent right policy, or a Financial Administration Bylaw (“FAB”) under section 83 of the *Indian Act* that meet the FMB’s Financial Administration Law Standards and ensure that specific provisions are brought into force as set out in this document;
2. Demonstrate that a selected number of financial performance ratios as set out in this document have been met as at March 31st of the financial year preceding the effective date of the grant; and
3. Demonstrate the bringing into force and implementation of the minimum FAL or FAB provisions referenced in the eligibility criteria within 24 months of the effective date of the grant.

This grant eligibility pathway is illustrated in detail Figure 1 above and summarised in Figure 2 below.

Figure 2 – Grant Eligibility Pathway

The first criterion for grant eligibility requires that the First Nation develop and then enact a FAL or FAB that complies with the FMB’s FAL Standards and ensures that the minimum provisions (agreed to by ISC and the AFN) and described in this document are brought into force within the required time periods.

10-Year Grant Eligibility Policies and Guidelines

In the case of a new or amended FAL, the FAL must be issued a compliance approval by the FMB under section 9 of the *First Nations Fiscal Management Act* before it comes into force.

In the case of a FAL enacted under a first nation's own inherent right policy, the FMB will issue a compliance opinion for the purposes of grant eligibility only.

In the case of a new or amended FAB, and as provided under a MOU with ISC, the FMB will review the FAB and make recommendations to the Minister of Crown Indigenous Relations before the FAB will be considered for approval by the Ministers under section 83 of the *Indian Act*.

Under an MOU with ISC the FMB will review and issue a compliance opinion to the Ministers on whether the FAL or FAB meets these eligibility requirements.

To assist first nations, the FMB has prepared and made available to first nations a Sample Financial Administration Law ("Sample FAL") which meets the FMB FAL Standards and the grant eligibility criteria. This Sample FAL reflects sound financial administration practices of governments in Canada. There are two versions of this Sample FAL available – one that is suitable for first nations already raising or intending to raise local revenues under the *First Nations Fiscal Management Act* and one that avoids any reference to local revenues. Two versions of a Sample Financial Administration By-law have also been developed which meet FMB FAL Standards – one of which provides for the raising of property taxes under the *Indian Act* and one that makes no reference to property taxes. The Sample FALs and FABs both meet the requirements of the eligibility criterion respecting financial administration laws.

The second criterion for grant eligibility requires that the first nation demonstrate that its financial performance meets minimum requirements in five financial ratios referenced from the FMB's Financial Performance Standards. The independent calculation and evaluation of these ratios will be performed by the FMB upon request by ISC and based on an Expression of Interest by the First Nation. This will require the receipt of the most recent five years of audited annual financial statements from the first nation. The results of this review will be communicated in a report containing an opinion stating whether or not the first nation has met the requirements of the eligibility criterion respecting financial performance as at the relevant compliance date (i.e. March 31st of the financial year preceding the effective date of the grant).

The third criterion for grant eligibility requires the first nation to implement certain minimum provisions of its FAL or FAB within a specified time period and obtain a report from the FMB to indicate whether this implementation has occurred. This report will not provide any compliance opinion and will only report the results of an agreed-upon set of review procedures to assist ISC reach a determination of whether the first nation has met the requirements of the eligibility criterion respecting 10-year grants. The scope of this implementation evaluation and testing is outlined in this document.

A. General Grant Eligibility Policies

1. All work that is performed must be documented and retained in accordance with the FMB's Information Management Policy and Procedures.
2. Resolutions of the Board of Directors will be prepared using the relevant approved FMB template listed in Appendix J.
3. If the first nation is requesting a Financial Performance Certificate or a Financial Management System Certificate in addition to services related to grant eligibility, the FMB must treat these discrete services as separate client engagements. The FMB's existing Procedures and Standards would apply in place of these policies and guidelines for any review for the purposes of issuing a Financial Performance Certificate or a Financial Management System Certificate. A First Nation's eligibility for a grant does not require any type of Certificate to be issued by the FMB.

FINANCIAL ADMINISTRATION LAW GRANT ELIGIBILITY REQUIREMENTS

B. Financial Administration Law (Under FNFMA) Grant Eligibility Policies

The following policies and guidelines will apply when reviewing or approving a financial administration law made under section 9 of the *First Nations Fiscal Management Act* for evaluating whether a first nation's FAL meets the 10-year grant eligibility criteria respecting financial administration laws.

1. The following grant eligibility criterion respecting financial administration laws have been co-developed by Indigenous Services Canada and the Assembly of First Nations and will be applied:
 - a. A financial administration law approved under the *First Nations Fiscal Management Act* will comply with FMB's FAL Standards.
 - b. A financial administration law of a first nation must ensure that specified provisions of the law come into force no later than
 - i. the effective date of the 10-year grant for that first nation for all yellow highlighted provisions contained in Appendix A; and
 - ii. nine months after the effective date of the 10-year grant for that first nation for all green highlighted provisions contained in Appendix A
2. First Nations that have received a Financial Management System Certificate from the FMB will be considered by ISC to have met all initial eligibility criteria related to enacting and implementing a FAL.
3. A first nation may rely on an approved FAL made under section 9 of the *First Nations Fiscal Management Act* to support its efforts to meet the grant eligibility criterion respecting financial administration laws.
4. A first nation choosing to enact a 'section 9' FAL must have their official name listed on the Schedule to the *First Nations Fiscal Management Act* and will proceed in accordance with the FMB's A1 *Financial Administration Law Review Procedures* to seek assistance in the development and enactment of the FAL and FMB approval of the FAL.
5. If a first nation already has an approved FAL but needs to amend its FAL in order to meet the eligibility criteria respecting financial administration laws (e.g. the coming into force provision), the first nation will request an approval of the amendment using the procedure set out in the FMB's A1 *Financial Administration Law Review Procedures*.
6. If a first nation is a borrowing member of the First Nations Finance Authority ("the FNFA") and is seeking to amend its FAL for the purposes of meeting the eligibility criteria respecting financial administration laws, the

first nation will be encouraged, but not required, to amend its FAL as necessary to meet the FMB's current *Financial Administration Law Standards*.

7. If a first nation limits the amendment of its FAL to the "coming into force" provision for the purposes of meeting the eligibility criteria respecting financial administration laws, the scope of the FMB's review of the FAL for purposes of approving the amendment will be limited to the amendment being proposed in the context of the other provisions of the FAL - without consideration of any changes in FMB's *Financial Administration Law Standards* that came into effect after the date the first nation's FAL was last approved.
8. A first nation will provide the FMB with a council resolution based on the relevant approved FMB template listed in Appendix J requesting a compliance opinion to be issued to ISC in relation to the 10-year grant eligibility criteria respecting financial administration laws.
9. Upon receipt of a signed council resolution, the FMB will appoint a reviewer to conduct a review of the FAL under the MOU to determine if the FAL meets the 10-year grant eligibility criteria respecting financial administration laws.
10. The FAL reviewer will summarise the results of the review and any recommendations in a report to the FMB's Board of Directors through the Standards, Approvals and Certification Committee ("SAC Committee").
11. The decision reached by the FMB's Board of Directors will be communicated in writing to the first nation and the Minister of Indigenous Services Canada within a reasonable amount of time. A template of this report is contained in Appendix E.

C. Financial Administration Law (Under Inherent Right) Grant Eligibility Policies

The following policies and guidelines will apply when reviewing or approving a financial administration law made under a first nation's inherent right policy for evaluating whether a first nation's FAL meets the 10-year grant eligibility criteria respecting financial administration laws.

1. The following grant eligibility criterion respecting financial administration laws have been co-developed by Indigenous Services Canada and the Assembly of First Nations and will be applied:
 - a. A financial administration law of a first nation must ensure that specified provisions of the law come into force no later than
 - i. the effective date of the 10-year grant for that first nation for all yellow highlighted provisions contained in Appendix A; and
 - ii. nine months after the effective date of the 10-year grant for that first nation for all green highlighted provisions contained in Appendix A
2. A first nation will provide the FMB with a council resolution based on the relevant approved FMB template listed in Appendix J requesting a compliance opinion to be issued to ISC in relation to the 10-year grant eligibility criteria respecting financial administration laws.
3. Upon receipt of a signed council resolution, the FMB will appoint a reviewer to conduct a review of the FAL under the MOU to determine if the FAL meets the 10-year grant eligibility criteria respecting financial administration laws.
4. The FAL reviewer will summarise the results of the review and any recommendations in a report to the FMB's Board of Directors through the Standards, Approvals and Certification Committee ("SAC Committee").
5. The decision reached by the FMB's Board of Directors will be communicated in writing to the first nation and the Minister of Indigenous Services Canada within a reasonable amount of time. A template of this report is contained in Appendix F.

D. Financial Administration Law Grant Eligibility Guidelines

1. The FMB has prepared Sample FALs which not only meet its FAL Standards but also include a sample “coming into force” provision which provide that certain required provisions of the FAL come into force within the time periods required to meet the eligibility criteria respecting financial administration laws. See template listed in Appendix J.
2. The FAL reviewer must receive a request in writing from the authorised individual named in the Council Resolution for the FMB to conduct a formal review of the FAL and issue a compliance opinion that the FAL meets the relevant eligibility criteria of the Policy respecting a financial administration law. Until such time as this formal written request is received, the FAL reviewer may provide informal review services in respect of these matters.
3. The content of a FAL enacted under a first nation’s own inherent right may be written in a way that differs from the exact wording contained in the Sample FAL so long as in the opinion of the Board the corresponding FAL Standards have been met in all material respects.
4. The FAL review report should be prepared by the selected reviewer using the relevant approved FMB template in Appendix J.
5. When reviewing a FAL enacted under a first nation’s own inherent right, the FAL reviewer should identify the following differences when compared to a FAL enacted under the *First Nations Fiscal Management Act*:
 - a. all references to the *First Nations Fiscal Management Act* have been removed;
 - b. all terms defined under the *First Nations Fiscal Management Act* have not been used to avoid any confusion about meaning;
 - c. neither FNTC nor FMB Standards made under the *First Nations Fiscal Management Act* are applicable to a FAL enacted under a first nation’s own inherent right (except for purposes of the opinion to the Ministers) and requirements to comply with them have been removed;
 - d. requirements relating to an FMB intervention under the *First Nations Fiscal Management Act* have been removed (e.g. the First Nation’s council is not required to delegate to the FMB its authority referenced in section 53 of the *First Nations Fiscal Management Act*, the First Nation is not required to maintain a complete set of property tax records, not required to keep a separate accounting of “other revenues”, no obligation to comply with the *First Nations Fiscal Management Act* or to resolve conflicts of laws in favour of the *First Nations Fiscal Management Act*).
6. The outcome of the FMB’s FAL compliance opinion decision should be communicated to the first nation verbally or by email immediately following the meeting held by the FMB’s Board of Directors to approve this content.
7. A signed letter or report communicating the outcome of the FMB’s FAL compliance opinion decision should be transmitted to the first nation and the Minister of Indigenous Services Canada within five business days following the meeting held by the FMB’s Board of Directors.

E. Financial Administration By-Law Grant Eligibility Policies

The following policies and guidelines will apply when reviewing a financial administration by-law made under section 83 of the *Indian Act* for evaluating whether a first nation’s FAB meets the grant eligibility criteria respecting financial administration laws.

10-Year Grant Eligibility Policies and Guidelines

Note: These policies and guidelines do not apply to assistance the FMB will provide to a first nation wishing to enact, amend or repeal and replace a FAB. For these purposes, see the FMB's separate Policy on Assistance to First Nations Enacting a FAB.

1. The following grant eligibility criterion respecting financial administration laws have been co-developed by Indigenous Services Canada and the Assembly of First Nations and will be applied:
 - a. A financial administration by-law approved by the Minister under the *Indian Act* will comply with FMB's *Financial Administration Law Standards*.
 - b. A financial administration by-law of a first nation must ensure that specified provisions of the by-law come into force no later than
 - i. the effective date of the 10-year grant for that first nation for all yellow highlighted provisions contained in Appendix B; and
 - ii. nine months after the effective date of the 10-year grant for that first nation for all green highlighted provisions contained in Appendix B.
2. A first nation may rely on an approved FAB made under section 83 of the *Indian Act* to support its efforts to meet the eligibility criteria respecting financial administration laws.
3. If a first nation which is not scheduled under the *First Nations Fiscal Management Act* wishes to enact a FAB under the *Indian Act* it may request the informal assistance of the FMB in the development of the FAB. For these purposes, see the FMB's separate Policy on Assistance to First Nations Enacting a FAB.
4. If a first nation already has an approved FAB but wishes to repeal and replace or amend its FAB in order to meet the eligibility criteria respecting financial administration laws, the first nation may request the informal assistance of the FMB to assist it in these matters. For these purposes, see the FMB's separate Policy on Assistance to First Nations Enacting a FAB.
5. A first nation will provide the FMB with a signed council resolution based on the relevant approved FMB templates in Appendix J requesting a compliance opinion to be issued to ISC in relation to the 10-year grant eligibility criterion respecting financial administration by-laws.
6. Upon receipt of a signed council resolution, the FMB will appoint a reviewer to conduct a review of the FAB under the MOU to determine if the FAB meets the 10-year grant eligibility criteria respecting financial administration by-laws.
7. The FAB reviewer will summarise the results of the review and any recommendations in a FAB review report to the FMB's Board of Directors through the SAC Committee. The SAC Committee will make its own recommendation to the Board of Directors using the relevant approved FMB resolution template listed in Appendix J.
8. The decision reached by the FMB's Board of Directors will be communicated in writing to the Minister of Indigenous Services Canada, the Minister of Crown Indigenous Relations and the first nation within a reasonable amount of time. A template of this report is contained in Appendix G.

F. *Financial Administration By-law Grant Eligibility Guidelines*

1. The FMB has prepared Sample FABs that not only meet its FAL Standards but also include a sample "coming into force" provision which provide that certain required provisions of the FAB come into force within the time periods required to meet the eligibility criteria respecting financial administration laws. See template listed in Appendix J.
2. The FAB reviewer must receive a request in writing from the authorised individual named in the Council Resolution for the FMB to conduct a formal review of the FAB and issue a compliance opinion that the FAB meets the relevant 10-year grant eligibility criteria respecting financial administration laws. Until such time as this formal written request is received, the FAB reviewer may provide informal review services in respect of these matters.

3. The content of a FAB may be written in a way that differs from the exact wording contained in the Sample FAB so long as in the opinion of the Board the corresponding FAL Standards have been met in all material respects.
4. The FAB reviewer should complete a FAB Assessment Guide based on the relevant approved FMB template listed in Appendix J. The following differences should be evident when compared to a FAL:
 - a. all references to the *First Nations Fiscal Management Act* have been removed;
 - b. all references to Law have been revised to read By-law;
 - c. all terms defined under the *First Nations Fiscal Management Act* have not been used to avoid any confusion about meaning. For example, local revenues, local revenue account and local revenues law are replaced with property taxes, property tax account and property taxation by-law;
 - d. as First Nations may tax property under the *Indian Act*, references to taxation are to taxation under that Act. Some of the First Nations Tax Commission ("FNTC") requirements for such by-laws are the same as for taxation under the *First Nations Fiscal Management Act* and have been retained (e.g. property taxes must be segregated in a separate financial institution account);
 - e. neither FNTC nor FMB Standards made under the *First Nations Fiscal Management Act* are applicable to a By-law (except for purposes of the opinion to the Ministers) and requirements to comply with them have been removed (e.g. not required to comply with FMB standards of separate financial reporting of local revenues);
 - f. requirements relating to an FMB intervention under the *First Nations Fiscal Management Act* have been removed (e.g. the First Nation's council is not required to delegate to the FMB its authority referenced in section 53 of the *First Nations Fiscal Management Act*; the First Nation is not required to maintain a complete set of property tax records, not required to keep a separate accounting of "other revenues", no obligation to comply with the *First Nations Fiscal Management Act* or to resolve conflicts of laws in favour of the *First Nations Fiscal Management Act*).
5. The FAB review report should be prepared by the selected reviewer for consideration by the SAC Committee and Board of Directors using the relevant approved FMB template in Appendix J.
6. The SAC Committee will make its own recommendation to the Board of Directors using the relevant approved FMB resolution template listed in Appendix J.
7. The Board of Directors will consider the recommendations from the SAC Committee and decide whether the eligibility criterion for financial administration laws has been met using the relevant approved FMB resolution template listed in Appendix J.
8. The decision reached by the FMB's Board of Directors will be communicated in the form of a report containing a financial administration law compliance opinion that will be:
 - a. prepared using the relevant approved FMB template listed in Appendix G;
 - b. addressed to the appropriate party;
 - c. accompanied by all required enclosures necessary to demonstrate any eligibility requirements that have been met and reported upon; and
 - d. transmitted by the FMB to all parties within a reasonable amount of time.
9. In appropriate circumstances, the FMB may choose to report to the Ministers contemporaneously on both the issue of recommendations for approval of a FAB under section 83 of the *Indian Act* and a compliance opinion that the FAB is in compliance with the relevant 10-year grant eligibility criteria respecting financial administration by-laws.
10. The outcome of the FMB's review of the FAB and any advice given to the Ministers should be communicated to the first nation verbally or by email immediately following the meeting held by the FMB's Board of Directors.

11. An original signed letter or report communicating the outcome of the FMB's FAL compliance approval decision should be transmitted to the first nation and the Ministers within five business days following the meeting held by the FMB's Board of Directors to approve this content.
12. The use of electronic signatures, letterhead and secure transmittal methods should be used when issuing any records on behalf of the FMB. Original records should be prepared using a secure protected data format and retained in accordance with the FMB's Information Management Policy and Procures.

FINANCIAL PERFORMANCE GRANT ELIGIBILITY REQUIREMENTS

G. Financial Performance Grant Eligibility Policies

1. A first nation will provide the FMB with a signed council resolution based on the relevant approved FMB template listed in Appendix J. Upon receipt of a signed council resolution the FMB will appoint a reviewer to conduct a review of the First Nation's financial performance.
2. Unless stated otherwise, the financial performance grant eligibility requirements are based on the FMB's Financial Performance Standards and will consist of the following financial performance ratios:
 - a. Fiscal Growth Ratio;
 - b. Operating Margin Ratio;
 - c. Asset Maintenance Ratio;
 - d. Net Debt Ratio; and
 - e. Interest Expense Ratio.
3. A first nation must achieve the minimum required thresholds for each of the financial performance ratios listed in Appendix C.
4. An adjusted version of the Net Debt Ratio contained in the FMB's Financial Performance Standards has been developed for the purpose of evaluating financial performance for grant eligibility and is presented in Appendix C. This alternate version is intended to respond to a known issue that a small number of first nations who have used long-term debt to pay for the construction or acquisition of tangible capital assets may face and will only be calculated if the Net Debt Ratio contained in the FMB's Financial Performance Standards is not met. All other financial performance ratios will be calculated in accordance with the FMB's Financial Performance Standards.
5. The minimum level of financial performance will be calculated using the most recent five financial years of audited information.
6. The compliance date for the purpose of evaluating financial performance for grant eligibility will be March 31st of the financial year preceding the effective date of a grant.
7. The financial information used to measure a first nation's financial performance must be derived from the first nation's annual audited financial statements that are accompanied by a signed Independent Auditor's Report containing an opinion.
8. A financial performance ratio may be normalised in accordance with the FMB's Financial Performance Standards.
9. When available, restated prior year financial information will be used in place of the originally reported figures to calculate the financial performance ratios.
10. A financial performance review file shall consist of a standard collection of work papers necessary to support the FMB's conclusions and opinion over financial performance. The contents of this file will be subject to the following levels of quality assurance review:
 - a. self-review and sign off by the assigned reviewer;
 - b. independent re-performance of the financial performance ratios;

- c. review and sign off by the Senior Manager, Standards and Certification; and
 - d. review and sign off by the Director, Standards and Certification.
- 11. The financial performance reviewer will provide a financial performance review report to the FMB's Board of Directors through the SAC Committee. The SAC Committee will make its own recommendation to the Board of Directors using the relevant approved FMB resolution template listed in Appendix J.
- 12. The FMB's Board of Directors will consider the recommendations from the SAC Committee and decide whether the eligibility criterion for financial performance has been met using the relevant approved FMB resolution template listed in Appendix J.
- 13. The decision reached by the FMB's Board of Directors will be communicated in the form of a report containing a financial performance compliance opinion that is expressed as at the selected compliance date.
- 14. The grant eligibility financial performance compliance report will be:
 - a. prepared using the relevant approved FMB template listed in Appendix H;
 - b. addressed to the Minister of Indigenous Services;
 - c. accompanied by all required enclosures necessary to demonstrate any eligibility requirements that have been met and reported upon; and
 - d. transmitted by the FMB to all recipients, including any courtesy copy recipients, within a reasonable amount of time.
- 15. A courtesy copy of the grant eligibility financial performance compliance report and any enclosures will be transmitted to:
 - a. the designated representative of the first nation; and
 - b. the designated federal government official responsible for the administration of the 10-year grant eligibility criteria respecting financial performance.
- 16. A schedule will be attached to the grant eligibility financial performance compliance report to communicate matters such as the following to the users of the report:
 - a. Whether the first nation is under co-management or third-party management under the *First Nations Fiscal Management Act*;
 - b. Whether any of the financial statements used in determining the financial performance of the first nation had been restated and the reasons why;
 - c. Whether any of the audit opinions contained in any of the Independent Auditor's Reports attached to the financial statements used in determining the financial performance of the first nation had been qualified and the reasons why;
 - d. The existence of any normalisation adjustments that had been applied by the FMB when measuring the financial performance ratios of the first nation and the reasons why;
 - e. The existence of any significant estimates, judgements, transactions or balances reported or disclosed in the financial statements used in determining the financial performance of the first nation;
 - f. Any other matter of significance pertaining to the financial performance of the first nation.

H. *Financial Performance Grant Eligibility Guidelines*

1. The financial performance reviewer must receive a request in writing from the authorised individual named in the Council Resolution for the FMB to conduct a formal review of the First Nation's financial performance and issue a compliance opinion that the criterion of the 10-year grant eligibility criteria respecting financial performance has been met. Until such time as this formal written request is received, the financial performance reviewer may provide informal review services in accordance with the FMB's policies in section F. above.

2. The financial performance reviewer must document the results of the review using the approved FMB financial performance review templates listed in Appendix J.
3. Additional information may be requested from the first nation to supplement the information contained in the annual financial statements.
4. The Adjusted Net Debt Ratio presented and described in Appendix C should only be calculated in a situation when the Net Debt Ratio contained in the FMB's Financial Performance Standards has been demonstrated to not be met.
5. The outcome of the FMB's financial performance review and its compliance opinion should be communicated to the first nation verbally or by email immediately following the meeting held by the FMB's Board of Directors.
6. An original signed letter or report communicating the outcome of the FMB's financial performance review and its compliance opinion should be transmitted to each recipient within five business days following the meeting held by the FMB's Board of Directors to approve this content.
7. The use of electronic signatures, letterhead and secure transmittal methods should be used when issuing any records on behalf of the FMB. Original records should be prepared using a secure protected data format and retained in accordance with the FMB's Information Management Policy and Procures.

IMPLEMENTATION OF FINANCIAL ADMINISTRATION LAW / BY-LAW GRANT ELIGIBILITY REQUIREMENTS

I. Implementation of FAL / FAB Grant Eligibility Policies

1. The following grant eligibility criterion respecting the implementation of a financial administration law or by-law have been established under the 10-year grant policy and will be applied:
 - a. each of the minimum FAL or FAB provisions contained in Appendices A or B that are operative will be implemented by the first nation on or before the date they are legally brought into force;
 - b. a report will be issued by the FMB within 24 months following the effective date of the 10-year grant for the first nation which will contain the results of agreed-upon procedures designed to allow ISC to determine whether 10-year grant eligibility criterion respecting the implementation of a law or by-law have been met.
2. First Nations that have received a Financial Management System Certificate from the FMB will be considered by ISC to have met all initial 10-year grant eligibility criteria related to enacting and implementing a FAL or FAB.
3. A first nation will provide the FMB with a signed council resolution based on the relevant approved FMB template listed in Appendix J. Upon receipt of a signed council resolution the FMB will appoint a reviewer to conduct the agreed-upon procedures listed in Appendix D.
4. The purpose of the agreed-upon procedures is solely to assist ISC in assessing whether the first nation has implemented the minimum FAL or FAB provisions that make up the grant eligibility requirements. The FMB will report the results of the agreed-upon set of procedures without providing assurance or an opinion on the design, implementation or operating effectiveness of the first nation's financial management system.
5. When conducting an implementation review in accordance with these policies, the reviewer will not perform the procedures that, in the reviewer's judgment, are necessary to express an opinion. Instead, the reviewer will perform only those procedures requested by ISC which remains solely responsible for the scope and sufficiency of the agreed-upon procedures for their purpose of evaluating whether grant eligibility criterion have been met pursuant to the *10-year grant eligibility criteria respecting the implementation of minimum*

provisions of a Financial Administration Law / By-law co-developed by Indigenous Services Canada and the Assembly of First Nations.

6. The reviewer will summarise the results of the review and any recommendations in an agreed-upon procedures review report to the FMB's Board of Directors through the SAC Committee. The SAC Committee will make its own recommendation to the Board of Directors using the relevant approved FMB resolution template listed in Appendix J.
7. The Board of Directors will, after considering the recommendations from the SAC Committee, decide whether to approve the content of the report containing the results of the agreed-upon procedures using the relevant approved FMB resolution template listed in Appendix J.
8. The grant eligibility agreed-upon procedures report will be:
 - a. prepared using the relevant approved FMB template listed in Appendix I;
 - b. addressed to the Minister of Indigenous Services;
 - c. accompanied by all required enclosures necessary to demonstrate any eligibility requirements that have been met and reported upon; and
 - d. transmitted by the FMB to all recipients, including any courtesy copy recipients, within a reasonable amount of time.
9. A courtesy copy of the grant eligibility report and any enclosures will be transmitted to:
 - a. the designated representative of the first nation; and
 - b. the designated federal government official responsible for the administration of the 10-year grant eligibility criteria respecting the implementation of minimum provisions of financial administration laws / by-laws.

J. *Implementation of FAL / FAB Grant Eligibility Guidelines*

1. The reviewer must receive a request in writing from the authorised individual named in the Council Resolution for the FMB to conduct the agreed-upon procedures listed in Appendix D.
2. The reviewer will document the results of the agreed-upon procedures using the approved FMB agreed-upon procedures template listed in Appendix J.
3. A detailed information request list will be provided to the designated contact at the first nation at least 14 days prior to the review.
4. The results of the FMB's agreed-upon procedures should be reviewed with the authorised individual named in the Council Resolution upon completion. This is intended to avoid any disagreement on the findings and provide an opportunity for the first nation to provide any additional information that had not previously been made available and which is relevant to the procedures.
5. An original signed letter or report communicating the outcome of the FMB's agreed-upon procedures should be transmitted to each recipient within five business days following the meeting held by the FMB's Board of Directors to approve this content.
6. The use of electronic signatures, letterhead and secure transmittal methods should be used when issuing any records on behalf of the FMB. Original records should be prepared using a secure protected data format and retained in accordance with the FMB's Information Management Policy and Procures.

APPENDIX A – MINIMUM COMING INTO FORCE PROVISIONS OF A FINANCIAL ADMINISTRATION LAW

APPENDIX C – FINANCIAL PERFORMANCE ELIGIBILITY REQUIREMENTS

The 10-year grant financial performance eligibility requirements consist of the following five financial performance ratios that are based on the FMB's C2 *Financial Performance Standards*. The Net Debt Ratio has been adjusted to better meet the needs of first nation grant applicants as described below.

Ratio	Ratio Formula	Required Threshold
Fiscal Growth Ratio ("FGR") The purpose of the FGR is to measure a first nation's ability to sustain and grow its financial capacity. It measures the average annual revenue growth rate expressed as a percentage.	$\frac{(TR_X - TR_{X-1})}{TR_{X-1}}$ TR _X : Total revenue in year 'X' TR _{X-1} : Total revenue from the fiscal year one year prior to year 'X'	The first nation demonstrates that its average FGR for the period under review is not lower than -5.0%.
Operating Margin Ratio ("OMR") The purpose of the OMR is to measure a first nation's ability to sustain fiscal balance. It measures the ability of a first nation to sustain structural fiscal balance by determining the extent to which its revenues have been sufficient to meet its expenses.	$\frac{(TR - TE)}{TR}$ TR: Total revenues during the period under review TE: Total expenses during the period under review	The first nation demonstrates that its OMR for the period under review is not lower than -5.0%.
Asset Maintenance Ratio ("AMR") The purpose of the AMR is to measure a first nation's ability to sustain its investment in its tangible capital assets other than land. It measures the first nation's total tangible capital expenditures (other than for land) relative to the first nation's total amortization cost, expressed as a percentage.	$\frac{TTCE}{TAE}$ TTCE: Total tangible capital asset expenditures during the period under review TAE: Total amortization expense during the period under review	The first nation demonstrates that its AMR for the period under review is not lower than 100.0%.

Ratio	Ratio Formula	Required Threshold
Net Debt Ratio (“NDR”) The purpose of the NDR is to measure a first nation’s ability to manage its overall level of debt. It measures the size of the net debt burden in relation to one-year annual revenues available to cover debt service.	$\frac{(TL_x - TFA_x)}{TR_x}$ TL: Total liabilities in year ‘X’ TFA: Total financial assets in year ‘X’ TR: Total revenues in year ‘X’	The first nation demonstrates that its weighted average NDR for the period under review does not exceed 60.0% or that its NDR for the most recent year of the period under review does not exceed 60.0%. Refer to Note 1 below for details of how the threshold for this ratio has been adjusted to better meet the needs of first nation grant applicants.
Adjusted Net Debt Ratio (“Adjusted NDR”) The purpose of the Adjusted NDR is to measure a first nation’s ability to manage its overall level of debt, excluding the impact of any long-term debt used to construct or acquire tangible capital assets. It measures the size of the adjusted net debt burden in relation to one-year annual revenues available to cover debt service. Refer to Note 2 below for an explanation of why this adjusted ratio has been developed and how it is intended to better meet the needs of first nation grant applicants.	$\frac{(TL_x - TFA_x - TCA_x)}{TR_x}$ TL: Total liabilities in year ‘X’ TFA: Total financial assets in year ‘X’ TCA: Cumulative tangible capital asset purchases funded by long-term debt over the review period including and up to year ‘X’ TR: Total revenues in year ‘X’	The first nation demonstrates that its weighted average Adjusted NDR for the period under review does not exceed 60.0% or that its Adjusted NDR for the most recent year of the period under review does not exceed 60.0%.
Interest Expense Ratio (“IER”) The purpose of the IER is to measure a first nation’s ability to manage its overall level of debt. It measures the size of the first nation’s interest expense burden in relation to annual revenue.	$\frac{TIE}{TR}$ TIE: Total interest expense during the period under review TR: Total revenues during the period under review	The first nation demonstrates that its IER for the period under review does not exceed 5.0%.

(Source: C2 Financial Performance Standards, February 22, 2018)

Note 1 – Net Debt Ratio Threshold

The original NDR threshold of 50% contained in the *C2 Financial Performance Standards* has been adjusted to 60% for the purposes of grant eligibility to better reflect the risk profile of how this ratio is being used. The *C2 Financial Performance Standards* were originally developed to meet the needs of the capital markets and lending intuitions in situations where first nations were entering into long-term pooled debenture financing. Since the decision by ISC to offer a grant to a first nation does not have an equivalent risk associated to it, this threshold has been increased to 60%.

Note 2 – Adjusted Net Debt Ratio

An Adjusted version of the original NDR contained in the *C2 Financial Performance Standards* has been developed for the purposes of grant eligibility to respond to a situation that may unfairly impact some first nations. It is possible that some first nations who have previously received a Financial Performance Certificate from the FMB and used it to become borrowing members of the First Nations Finance Authority may no longer meet the original Net Debt Ratio. In many cases these borrowing members have used their long-term debt proceeds to construct or acquire on-reserve infrastructure or other tangible capital assets. This increase in debt will make it harder for the first nation to continue to meet the NDR in the *Financial Performance Standards*. In order to accommodate this unique situation, and to differentiate the use of the *Financial Performance Standards* as means of making a first nation eligible to borrow from the capital markets from their use in determining eligibility for grant funding (see Note 1 above), the Adjusted NDR has been developed that contains the following changes:

- cumulative tangible capital asset purchases financed by long-term debt has been included in the numerator of the NDR formula as a deduction from any net debt; and
- the threshold has been increased from 50.0% to 60.0%.

These two adjustments to the NDR are expected to respond to this unique issue and will reflect the lower risk profile of using this ratio for grant eligibility compared to eligibility to borrow from the capital markets.

APPENDIX D – ILLUSTRATIVE AGREED UPON PROCEDURES TO EVALUATE THE IMPLEMENTATION OF A FAL / FAB

The following are illustrative procedures only and represent a standardised version based on the requirements that exist in either a Financial Administration Law enacted under section 9 of the *First Nations Fiscal Management Act* or a Financial Administration By-law enacted under section 83 of the *Indian Act*. These procedures will be further tailored by a reviewer depending on whether a FAL or FAB has been enacted and whether the law contains references to local revenues or property tax. Refer to Appendix J for the detailed workbook template containing these tailored procedures.

APPENDIX H – SAMPLE REPORT ON FINANCIAL PERFORMANCE COMPLIANCE FOR 10-YEAR GRANT ELIGIBILITY

To the Minister of Indigenous Services

On November 6, 2018, the First Nations Financial Management Board (“the Board”), the Minister of Indigenous Services, and the Minister of Crown-Indigenous Relations entered into a Memorandum of Understanding (“the MOU”) to provide a basis for the Board to review, assesses, and provide reports on First Nation's eligibility for 10-Year Grants.

On request, the Board has completed its review, in accordance with section 3.5 of the MOU, of the Financial Performance (defined below) of [Name of First Nation] to determine if [Name of First Nation] was, in the opinion of the Board, in compliance with the *10-year grant eligibility criteria respecting Financial Performance co-developed by Indigenous Services Canada and the Assembly of First Nations*.

This review was performed solely to assist the Minister of Indigenous Services in evaluating whether the 10-year grant eligibility criteria respecting Financial Performance co-developed by Indigenous Services Canada and the Assembly of First Nations have been met.

In the context of this Report, “Financial Performance” is the first nation's demonstration of certain quantitative elements as provided for by the *criteria respecting Financial Performance co-developed by Indigenous Services Canada and the Assembly of First Nations*. [Name of First Nation] management is responsible for all elements of Financial Performance whereas the Board's responsibility under the MOU is to express an opinion, based upon its review of those elements, as to the extent to which the [Name of First Nation] is in compliance with the *10-year grant eligibility criteria respecting Financial Performance co-developed by Indigenous Services Canada and the Assembly of First Nations* as at March 31, [20XX]. This opinion cannot be relied upon for any assurance that the [Name of First Nation]'s Financial Performance will continue to comply with the *10-year grant eligibility criteria respecting Financial Performance co-developed by Indigenous Services Canada and the Assembly of First Nations*.

The Board conducted its review in accordance with its *Financial Performance Policies and Guidelines for 10-Year Grant Eligibility* (“the Policies”). The Policies require that the review be planned and performed to obtain reasonable assurance about whether the [Name of First Nation] was in compliance with the *10-year grant eligibility criteria respecting Financial Performance co-developed by Indigenous Services Canada and the Assembly of First Nations* as at March 31, [20XX]. The review included obtaining an understanding of the first nation's business and risk, referencing information derived from the first nation's audited annual financial statements, and performing such other procedures considered necessary in the circumstances. The Board has not audited or otherwise attempted to verify the underlying financial information upon which the review is based. Attached to this Report is a Schedule describing matters arising from the Board's review. The Board believes that its review provides a reasonable basis for its opinion.

On the basis of its review and after consideration of its findings, the Board as at March 31, [20XX] is of the opinion that the Financial Performance of the [Name of First Nation] was in compliance with the *10-year grant eligibility criteria respecting Financial Performance co-developed by Indigenous Services Canada and the Assembly of First Nations*.

This Report and attached Schedule are provided to the Minister of Indigenous Services under the MOU solely for the purpose of enabling the [Name of First Nation] to satisfy the *10-year grant eligibility criteria respecting Financial Performance co-developed by Indigenous Services Canada and the Assembly of First Nations*. It must not be used or relied upon by the Minister of Indigenous Services or by any other person for any other purpose and the Board accepts no responsibility for any loss or damages resulting from any unauthorized use of or reliance on this Report.

Dated in the District Municipality of West Vancouver, British Columbia this [XX] day of [MONTH, 20XX].

APPENDIX I – SAMPLE REPORT ON RESULTS OF AGREED-UPON PROCEDURES FOR 10-YEAR GRANT ELIGIBILITY

To the Minister of Indigenous Services

On November 6, 2018, the First Nations Financial Management Board (“the Board”) and the Minister of Indigenous Services and the Minister of Crown-Indigenous Relations entered into a Memorandum of Understanding (“the MOU”) to provide a basis for the Board to review, assesses, and provide reports on First Nation’s eligibility for 10-Year Grants.

On request, the Board has performed the agreed-upon procedures described below, in accordance with section 3.5 of the MOU. Our procedures were conducted in accordance with the *Agreed-Up Upon Procedures for 10-Year Grant Eligibility* (“the Policies”) established pursuant to the MOU.

The procedures were performed solely to assist the Minister of Indigenous Services in evaluating whether the *10-year grant eligibility criteria respecting the implementation of minimum provisions of a Financial Administration [Law / By-law] co-developed by Indigenous Services Canada and the Assembly of First Nations* have been met. The agreed-upon procedures and related findings are listed in the attached Schedule.

This report relates only to the provisions of the *[Name of First Nation Law or By-law - Citation]* that were in force and operative at the time of our review, and does not extend to the financial management system of [Name of First Nation] taken as a whole.

The procedures we performed do not constitute a Financial Management System Certification. Were we to have performed additional procedures or undertaken a Financial Management System Certification, other matters may have come to our attention which we would have reported to you.

The sufficiency of these procedures is solely the responsibility of Indigenous Services Canada. Accordingly, we make no representations regarding the sufficiency of these procedures either for the purpose for which this Report has been requested or for any other purpose. Further, we have addressed solely the provisions of the *[Name of First Nation Law or By-law - Citation]* that were in force and operative at the time of our review and make no representations regarding the effectiveness of the [Name of First Nation]’s financial management system or regarding whether any material facts have been omitted.

This Report is solely for the information and use of the Minister of Indigenous Services Canada in connection with the assessment of whether the *10-year grant eligibility criteria respecting the implementation of minimum provisions of a Financial Administration [Law / By-law] co-developed by Indigenous Services Canada and the Assembly of First Nations* have been met, and is not intended and should not be used for any other purpose. Consequently, the Report should not be distributed to other parties without our prior written consent. Any use that a third party, including the [Name of First Nation], makes of this Report, or any reliance or decisions made based on it, are the responsibility of such third party. We accept no responsibility for any loss or damages suffered by any third party, including the [Name of First Nation], as a result of decisions made or actions taken based on this Report.
